Air Purifying plants

Now days, Lack of air flow allows for indoor air pollution to build up and cause a variety of health issues. House Plant Can absorb harmful toxins from the air, I would recommend two or three plants in 5 to 6 inch Pot for every 100 sq ft.

Some Plants are better at removing certain chemical than others

1. Lucky bamboo
2. Money Plant Golden
3. Money plant green
4. Areca palm
5. Aloe Vera
6. Peace Lily
7. Snake Plant
8. Spider Plant

Plants are also known to:

- Increase Mood & Productivity
- Enhance Immune Function
- Enhance Concentration & memory
- Reduce Stress & fatigue
